Terms: Payments on completion Deposits - Non-Refundable Work Should Be Done

Grind out cracked or rotten joints on exterior of holding tank, and cracked bricks, tuckpoint with close to match mortar color. Remove and replace approx. 10 brick. Remove base concrete capping and reface. Install treated lumber to achieve overhang on both exterior and interior sides of holding tank walls. Install approx. 80' of custom fit Aluminum capping. Pressure wash brick work as needed to remove mold growth. Spray entire building with silicon based water repellent.			
Total for labor & materials		\$18,475.	00/100
needed down		\$4,475.	00/100
Remaining Balance		\$14,000.	00/100
