# RESIDENTIAL EXTERIOR IMPROVEMENT PROGRAM

## PURPOSE

The Common Council has authorized the creation of the Residential Exterior Improvement Program, hereinafter referred to as “program.” The purpose of the program is to encourage the upkeep and appearance of residential homes, as well as mitigate the presence of blighted properties, within the residential districts of the community.

The program provides matching grants up to \$5,000 for projects that will help maintain and enhance the overall attractiveness and vitality of residential districts that is consistent with community expectations and neighborhood preservation; as well as removing blighting influences, which can diminish property values in and around the subject residence. The program is intended to provide financial assistance in order to spur individual investment into one’s own home. The grant funds are meant to serve an important yet secondary role to private financing for improvement projects.

The Common Council has developed the following set of goals regarding the program’s purpose.

1. Maintenance and Improvement
  - a. Encourage public and private efforts to maintain and improve the community.
  - b. Promote the attractiveness of Milton as a preferred location to live.
  - c. Encourage maintenance and improvements of existing residences.
  
2. Preserve Neighborhood Stability and Property Values.
  - a. Maintain the City’s neighborhood cohesiveness.
  - b. Maintain the City’s residential appeal and preserve property values by mitigating and/or eliminating blighting influences.

13. After the Common Council approves payment, the Finance Director / Treasurer will issue payment to the contractor.

## **FUNDING AVAILABILITY**

The program is specifically a matching grant program based on the criteria below:

1. The Common Council has available a limited amount of funding. The program is considered first-come, first-serve. Grants may be awarded only if the Common Council has adequate funds available for this program.
2. Program funds may be used to grant up to 50% of the total project costs, not to exceed \$5,000. Therefore, to receive this maximum amount a project would require at least \$10,000 in total project cost. Actual project costs may be greater than this maximum amount; however such costs shall be the sole responsibility of the applicant.
3. The City shall only provide up to a maximum of \$25,000 worth of grants on an annual basis. Grants will be reviewed and awarded on a first come, first serve basis unless expressly authorized by the Common Council.

### **PROGRAM EXPIRATION**

The residential exterior improvement program will expire if one of the following occurs:

1. When the allocated TID project plan funds have been spent, unless additional funding has been authorized by the Common Council up to a maximum of \$25,000 annually.
2. When the allowable TID expenditure period has expired.
3. When the Common Council chooses to eliminate or amend the program.
