

Get Unwanted Meds Out...

Of your homes
Of your waters
Of the reach of
children!

Keeping unused, unwanted and expired prescription drugs in your home poses a risk to you, your family and your community.

To provide you with an easy, secure and responsible way to properly dispose of these drugs, the City of Milton Police Department has established a permanent prescription drug drop-off box for all Rock County residents.

Special Thank You To Our Partners:

City of Milton Police Department
Partners in Prevention of Rock County
Rock County Health Department
Mercy Health System
Janesville Area Crimestoppers

Prescription Drug Drop-off

*City of Milton
Police Department*

*Drop-Box Location:
120 Parkview Drive
Milton, WI 53563*

Drop-Off Procedures

Please follow these instructions for free disposal of your unwanted medications:

1. Gather all unwanted medication from wherever you have them stored.
2. If possible, **leave all medications in their original containers.** Black out any personal information that may be on the bottle.
3. Bring the medications to the secured drug collection box located at the Milton Police Department.
4. Questions about dropping off medications can be directed to the Milton Police Department. Please call 608-868-6910.

Did You Know?

64% of kids age 12 to 17 who have abused pain relievers say they got them from their friends or relatives, without their knowledge.

No Sharps!

**No Syringes
No Needles
No Lancets**

Accepted Substances

Prescription medications and medication samples

Over-the-counter medications

Rejected Substances

**Illegal narcotics
(Cocaine, Marijuana,
Methamphetamine, Heroin)**

You must contact an officer for assistance with these substances.

**The drug drop-box is
available 24 hours per day,
7 days per week.**

Safe Storage and Safety Tips

Always store medications in the original containers.

Never keep medications past their expiration date.

Always store separately medications for family members.

Never guess on how much medicine to take.

Read the label before you open the bottle to ensure the right dosage is taken.

Never let young children take medicine by themselves.

Don't store medications in areas that are hot and humid, such as the bathroom medicine cabinet.

Lock your medicine cabinet. A cabinet or a drawer with a lock on it would also work.

Do talk with your children about the dangers of drug abuse!
