Materials Surcharge: due to the volatility in various industries such as, but not limited to, those supplying steel, a surcharge is needed to offset some of the excessive material costs being experienced in our industry, as well as others. This is being looked upon as a short-term necessity but no guarantees can be given that this surcharge will be removed in the near future. Once costs of materials have returned to the levels in recent history, the surcharge will be removed.

Payment terms: payment in full, check submitted with order.

Freight charges: Prepaid & added

Exclusions: unless specifically included, this quotation excludes all site work and landscaping; removal of existing equipment; acceptance of equipment and off-loading; storage of goods prior to installation; equipment assembly and installation; safety surfacing; borders and drainage provisions.
