Summary

Baxter & Woodman has provided the attached Work Order to perform engineering services related current and future development projects for the City of Milton.

Analysis and Key Issues

The development assistance work order provides miscellaneous engineering, planning, review, design, and construction services for projects associated with developments as requested by the City.

Fiscal Impact

Most of the development related charges are reimbursed through development agreements or funded through TIF districts. Other miscellaneous fees will be funded by accounts associated with the work requested.

Recommended Motion

Approve the Work Order for 2022 Development Assistance Engineering and Construction Services.
