City Of Milton	<b>Terms</b>	<b>Estimates Valid For 30 Days</b>
	<b>Due on completion</b>	

Item	Description	Qty	Cost	Total
Fuel Tank Removal	Clean, remove and dispose of fuel tanks, lines and equipment. Arrange for inspection. All old tanks, lines and equipment will become property of Schaper Petroleum and be properly disposed of. The cost for the crane is included. <b>SCHAPER EXCAVATING WILL NOT BE RESPONSIBLE FOR DAMAGE TO ANY PRIVATE UNDERGROUND UTILITIES</b> unless the City wants a private locate done at additional cost. We will call diggers hotline for normal utilities.	1	5,500.00	5,500.00
Subcontracted Work	2- 1,000 gallon AST 1- 550 Gallon waste oil tank in a concrete containment. Landfill tipping fees - billed at cost. Max for 1st load 22 tons @ \$60.00 tn The Convault tank will be cleaned and removed. The 550 Waste oil tank will be cleaned and removed. The concrete containment will be cleaned with floor dry, broken into pieces and hauled to the landfill. If we see any contaminated soil near the containment we will load it with the concrete and properly dispose of it at the landfill. The City of Milton can provide the backfill and final landscape. We will have a State Inspector on Site and take 2 soil samples to prove the site is clean. The trucking on the first load will be included in my base bid. I totally expect that will be the end but in the event there is additional contamination we will stop until we have given you a proper estimate and change order before we continue.  You may contact Greg Baretta at DATCP for a reference on me at 608-224-5150 You can also Contact Dan Mulhern at City of Beaver Dam at 608-697-9685  All paperwork for the Dept of Ag Trade and Consumer protection will be done by Schaper Petroleum All concrete from the waste oil tank area will go to the landfill. The concrete under the Convault tank will be broken and hauled away for recycling.	1	1,200.00	1,200.00T

Proposal # DM11122REM/B

Mr. Mark Langer / Mr. Paul Smith  
 City of Milton  
 150 Northside Dr.  
 Milton, WI 53563

RE: Clean / Close (2) 1,000-Gallon Rectangular Con-Vault AST's, and (1) 650-gallon Used Oil Tank

**Thank you for considering Interstate Pump & Tank, Inc. for your tank removal needs in Milton, WI. Per recent visit and our understanding of the project, we provide the following proposal:**

- **Cleaning / Closure of (3) Aboveground Storage Tank(s) (AST's). The Con-Vault Split Compartment tank(s) to be cleaned and removed. The tanks will be pumped empty, purged of vapors, opened, cleaned from outside (no entry) per State & Federal Code. Existing containment around tank will be removed as no longer necessary after tank removal. Waste Oil tank will be hauled away and disposed of by IPT.**
- **All piping related to tank will be drained of per code. This really don't apply here.**
- **All permits, inspection notification, and subsequent documentation for tank closure to be provided.**
- **Shed / fence removal by others.**
- **IPT to provide excavator and Trucking / Backfill for removal of Concrete Waste Oil Vault.**
- **IPT to provide truck / trailer to haul off Con-Vault tank(s).**
- **IPT to provide all lift equipment and crane to load truck.**
- **Owner to have all tanks pumped to within 1" of bottom prior to schedule Closure Service.**
- **Tank "sludge" will be placed in D.O.T. approved barrels for disposal. Sludge disposal fees are included in proposal for up to (2) two drum. Owner is responsible for signed waste manifest if applicable.**
- **IPT will provide air educator, multi-gas meter for oxygen / LEL readings, pumps, compressor, and other equipment / materials required for licensed tank removal "Closure".**
- **Site assessment is not calculated into proposal price. Site assessment should not be required.**

**NOTE: IPT will not be responsible for any concrete / asphalt replacement, landscaping, or structural repairs (planters, stoops, retaining walls, decks, etc.).**

**We will provide the above for the sum of;**

**\$ 14,935.00**

**TERMS: Balance upon completion.**

**Please call with any questions or concerns.**

Regards,

Dan McMahan,  
 Interstate Pump and Tank
