From: Howard Robinson, Director of Public Works
Date: June 16, 2020
Subject: Discussion and Possible Action Regarding a Site Plan for Milton Veterinarian Clinic at 745 McEwan Lane

Summary

Milton Veterinarian Clinic has submitted a site plan to expand their parking at their facility located at 745 McEwan Lane. Their plan is to add 4 new stalls to their existing lot for customer convenience and employee parking. Although, not required by ordinance to expand their parking, their proposed expansion does meet all parking, greenspace, and setback requirements within the Zoning Ordinances. They will be adding one additional tree in order to meet the new landscaping requirement as they are expanding their impervious surface.

Recommendation

The City Administration recommends approval of the proposed Site Plan for Milton Veterinarian Clinic located at 745 McEwan Lane.
