Good Morning Jenny,

Technically in Stoughton they can have a sidewalk sale as long as they are not interrupting sidewalk traffic. I have included the ordinance we have on our books for your use.

64-9 Street and Right of Way Use

(3)(c) Sidewalk traffic shall not be interrupted, except with approval of the Street Superintendent. Temporary sidewalks of not less than 4 feet in width guarded by a closed fence at least four feet high on both sides may be maintained during the period of occupancy.

(g) Private property in street rights-of-way Use

Permit required. A permit from the public works department shall be required for the following: Any structure, installation or construction adjacent to the street, in the public right-of-way or terrace, of private property for longer than 90 consecutive days, such as lamp posts, hitching posts, benches, sculpture or other art, decoration or improvement.

Our Public Works department handles this and would be the department to issue a permit if necessary.

Let me know if you have questions or need further help.

Enjoy the day! 😊

Candee J. Christen, WCMC
City Clerk
City of Stoughton
