- Environment for Business Success with Thoughtful Growth and Development

---

### Summary

Presentation of Annual Municipal Separate Storm Sewers (MS4) Permit.

### Analysis and Key Issues

The City of Milton is required to provide the annual storm water report for review to the public. The report was presented to Public Works Committee at the March 8<sup>th</sup> meeting.

### Fiscal Impact

There is no fiscal impact for completing and submitting the report outside of staff time required. Items included in the report are part of normally budgeted and approved storm water projects.

### Recommended Motion

No action .
