Hi Mark,

Based on the speed limits indicated and the region of the United States that we are in I am quoting the following units with the proper solar panel to facilitate the function of the sign appropriately.

6 – 24x30 (12” driver feedback) sign with 60W solar upgrade/WHITE: \$3,882.02ea

Specifications as attached;

As a side note, this companies customer service is awesome. Help programing (if needed), and all trouble shooting in the future is professional and fast. These are made in the U.S.

Thanks,

Mark Lange
